- i. Free school meal identity management and authentication
- j. Photographs
- k. CCTV images

From time to time and in certain circumstances, we might also process personal data about pupils, some of which might be sensitive personal data, including information about child protection / safeguarding. This information is not routinely collected about pupils and is only likely to be processed by the school in specific circumstances relating to particular pupils, for example, if a child protection issue arises or if a pupil is involved in a criminal matter. Where appropriate, such information may be shared with external agencies such as the child protection team at the Local Authority, the Local Authority Designated Officer and / or the Police. Such information will only be processed to the extent that it is lawful to do so and appropriate measures will be taken to keep the data secure.

We collect information about pupils when they join the school and update it during their time on the roll as and when new information is acquired.

Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the UK GDPR, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this. Where appropriate, we will ask parents for consent to process personal data where there is no other lawful basis for processing it, for example where we wish to use photos or images of pupils on our website or on social media to promote school activities or if we want to ask your permission to use your information for marketing purposes. Parents / pupils may withdraw consent at any time.

In addition, the school also uses CCTV cameras around the school site for security purposes and for the protection of staff and pupils. CCTV footage may be referred to during the course of disciplinary procedures (for staff or pupils) or investigate other issues. CCTV footage involving pupils will only be processed to the extent that it is lawful to do so. Please see our CCTV policy for more details.

Storing pupil data

- our insurance providers / the Risk Protection Arrangement;

Some of the above organisations may also be Data Controllers in their own right in which case we will be joint controllers of your personal data and may be jointly liable in the event of any data breaches.

We may also share pupil data with a number of providers of software tools which may be used to: support pupil learning; monitor and report on pupil attainment and progress; deliver the educational curriculum, ensure the safety and wellbeing of pupils; communicate with parents; or to carry out other operational processes to support our core activities as a public authority, under Article 6(e) of the UK GDPR. [A full list of these providers is available on request.] These providers act as data processors on our behalf and are required to take appropriate security measures to protect your personal information in line with our policies. We do not allow them to use your personal data for their own purposes, and we only permit them to process your personal data for specified purposes and in accordance with our instructions.

In the event that we share personal data about pupils with third parties or data processors, we will provide the minimum amount of personal data necessary to fulfil the purpose for which we are required to share the data. Where necessary, we will carry out a Data Protection Impact Assessment (DPIA) to assess any risks involved.

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law allows us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with our local authority (LA) and the Department for Education (DfE) under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

Data collection requirements:

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data;
- the purpose for which it is required;
- the level and sensitivity of data requested; and
- the arrangements in place to store and handle the data.

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

Requesting access to your personal data

Under data protection legislation, parents and pupils have the right to request access to information about them that we hold ("Subject Access Request"). Where a child does not have the maturity to make their own requests for personal data, parents may do so on their behalf in a primary school setting. To make a request for your child's personal data, or be given access to your child's educational record, contact our Data Protection Officer, HFL Education, via email at dpo@gilesinfants.herts.sch.uk although any written request for personal data will be treated as a Subject Access Request.

Subject to the section below, the legal timescales for the school to respond to a Subject Access Request is one calendar month. As the School has limited staff resources outside

of term time, we encourage parents / pupils to submit Subject Access Requests during term time and to avoid sending a request during periods when the school is closed or is about to close for the holidays where possible. This will assist us in responding to your request as promptly as possible. For further information about how we handle Subject Access Requests, please see our Data Protection Policy.

Parents of pupils who attend a maintained school have a separate statutory right to access their child's educational record. Upon receipt of a written request for a pupil's educational record, the School will respond to it within 15 school days. This is an independent legal right of parents which falls outside of the UK GDPR, therefore a pupil's consent is not required even if a pupil is able to make their own decisions in relation to their personal data unless a court order is in place which states otherwise.

The term "parent" is widely defined in education law to include the natural or adoptive parents (regardless of whether parents are or were married, whether a father is named on a birth certificate or has parental responsibility for the pupil, with whom the pupil lives or whether the pupil has contact with that parent), and also includes non-parents who have parental responsibility for the pupil, or with whom the pupil lives. It is therefore possible for a pupil to have several "parents" for the purposes of education law.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress;
- prevent processing for the purpose of direct marketing;
- object to decisions being taken by automated means;
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of our data protection responsibilities.

We will always seek to comply any requests regarding your rights, however, please note that we may still be required to hold or use your information to comply with legal duties.

For further information about your rights, including the circumstances in which they apply, see [guidance](#) from the Information Commissioners Office (ICO) on individuals' rights under the UK GDPR.

If you have a concern about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at <https://ico.org.uk/concerns/>

Contact:

You can contact the Information Commissioners Office on 0303 123 1113 or via email <https://ico.org.uk/global/contact-us/email/> or at the Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF.
