Piece 5

Trust and Appreciation

Put the children into small groups. Give each group a piece of flipchart paper cut into a circle, and ask them to draw a stick figure in the middle to represent themselves. Give each group a set of the 'People' cards.

Explain that we can all create a Circle of Trust around us and only let into the circle, those people we trust (like the stick person in the paper circle). You could illustrate this further with a hula hoop and invite each child to stand in the hoop (Circle of Trust) with you, saying "Jenny, I trust you so invite you into my Circle of Trust".

Ask the groups to place the cards on the flipchart circle. Any people they feel sure they can trust they need to place nearer the stick figure. Any people they think they might be able to trust, but are not sure, they place a little further away, and so on. Those they wouldn't trust at all, they keep off the paper and don't invite these into the Circle of Trust.

Encourage the children to talk about these in their groups and see if different people have different ideas. Stress that there are no right or wrong answers - it's something each person has to judge for themselves.

- Recognise and appreciate people who can help me in my family, my school and my community.
- Understand how it feels to trust someone.

- Trust
- Trustworthy
- Honesty
- Reliability
